If you're like most people, being diagnosed with a critical illness can be overwhelming, even scary. The last thing you want to worry about is money.

Why Health Insurance May Not Be Enough

When a critical illness happens your health insurance plan may cover some of your medical and hospital costs, but not everything. You and your family need extra protection that closes the financial gap and helps you manage expenses, such as:

- Out-of-Pocket Medical Costs—deductibles, copays, coinsurance, prescriptions, and medical travel
- Everyday Costs—rent or mortgage payments, credit card debit, car payments, household necessities, and savings for college & retirement
- Recovery Costs—loss of income, rehabilitation, and childcare or parent care

Would a Check for \$30,000 Help?

Chubb Critical Illness pays you cash immediately. Upon diagnosis of a covered condition, we send a lump sum check directly to you. You can use your cash benefit however you choose—to help with your everyday living expenses, pay your out-of-pocket medical costs or replace lost income. Your benefit is paid in full regardless of any other insurance you may have.

Here's How It Works

When you are diagnosed with a covered condition after the certificate effective date, submit your claim and we'll quickly send you a check. It's that simple. You can use your money however you choose.

No Lifetime Maximum

If you get sick again with the same or different condition, you're still covered. There is no total maximum benefit amount to worry about. Different covered conditions need to be diagnosed at least six months apart.

Recurrence Benefit

Once Chubb pays a Critical Illness benefit for Aneurysm - Cerebral or Aortic, Benign Brain Tumor, Coma, Coronary Artery Obstruction, Heart Attack, Major Organ Failure, Severe Burns, Stroke or Sudden Cardiac Arrest, and there is a recurrence, you can receive 100% of your Face Amount, as long as you were treatment free for at least 6 months.

For a recurrence of Cancer, including Carcinoma In Situ, you can receive 100% of your Face Amount, as long as you were treatment free for 12 months and in complete remission.*

No Lifetime Maximum Benefit in Action (example)	
\$30,000 Face Amount	
Stroke Diagnosis	\$30,000
Heart Attack Diagnosis (first)	\$30,000
Heart Attack Recurrence (100%)	\$30,000
Total Benefits:	\$90,000
	No Maximum Benefit Amount

Covered conditions must be diagnosed at least six months apart. This example is hypothetical and is solely to illustrate a situation that can result in benefits payable for a claim. It is not based on an actual claim and should not be compared to an actual claim.

* Complete remission is defined as having no symptoms and no signs that can be identified to indicate the presence of Cancer.
